September 2018

RoHS II Declaration of Compliance – Directive 2011/65/EU

We hereby state that Fine Cut Group Ltd's manufacturing and procurement processes are fully compliant with the statutory requirements of RoHS Regulations.

The following hazardous chemicals are not present or are within the permitted levels for raw materials used by Fine Cut Group Ltd unless explicitly permitted for use in exempted products.

Lead and lead compounds

Mercury and mercury compounds

Polybrominated biphenyl (PBB)

Polybrominated diphenyl ethers (PBDE)

Cadmium and cadmium compounds

Hexavalent chromium

Fine Cut Group Ltd holds on record documentary evidence from our suppliers for substrates, inks and solvents that confirm that these products as supplied to us conform to RoHS Regulations.

For and on behalf of Fine Cut Group Ltd,

Tim Weeks
Environmental Manager
